

## **GAP's Livestock Checkers Course**

The livestock checkers course provides a basic introduction to stock checking in the conservation/land-based sector. The course is ideal for beginners, volunteers or anyone with limited experience of livestock. The course covers animal health and welfare, the key legislation, the role and responsibilities of a stock checker and how to safely and effectively check livestock.

One Day Livestock Checkers Course: £75 (lunch is included on the day unless otherwise stated)

GAP training courses are accredited by Lantra Awards and delegates will receive a certificate by post after successful completion of the course. The certification is included in the course cost and represents £15 of the cost. All the trainers GAP uses are also accredited by Lantra.

To find out about courses in your area please contact the GAP office on 01249 470029 or email [enquiries@grazingadvicepartnership.org.uk](mailto:enquiries@grazingadvicepartnership.org.uk)

Please note that the course involves both indoor and outdoor learning, some physical activity such as walking and close proximity to livestock. If you have any particular requirements such as dietary, language or special needs and have any general queries or are unsure of the suitability of the course please contact Eleanor Newson at the GAP office.

If you are an individual or organisation which has a suitable indoor classroom and livestock available for teaching purposes and wish to discuss the possibility of using your own venue for the course please contact Eleanor Newson.
